“ Coach made physics fun and that was no easy task! He was a kind and caring teacher that wanted to make sure his students learned and understood the material. I credit him for my love of science that led me into engineering. His kind and calm demeanor will be greatly missed in the Wellborn community. Until we meet again!

“ It's been a few years, to be at the Anniston Calhoun County Jail, ministering there with Charles and Barbara Carson. Charles will be missed, greatly by the Gideon's and auxiliaries. Praying for the family.

“ Mr. Pauley was a shining light at Wellborn High School. We were all upset when he left our physics class mid-year to become an administrator. I loved his kindness, his sense of humor, and his way of making even science—not my favorite subject—lots of fun. My prayers are with the family during this difficult time.
